HERE IS YOUR REMEDY!
HOLLOWAY'S OINTMENT.

A MOST MIRACULOUS CURE OF BAD LEGS, AFTER 13 YEARS SUFFERING.

Extract of a Letter from Mr. William Ga[illegible], Mary's Street, Weymouth, dated May [illegible] 1851.

To Professor Holloway,

SIR,—At the age of 18 my wife (wa[illegible]) caught a violent cold, which settled [illegible] legs, and ever since that time they have be[illegible] worse sore, and greatly inflamed. Her sufferings were distracting, and for months together she was deprived entirely of rest and sleep. Every remedy that medical men advised was tried [illegible] effect, her health suffered severely, [illegible] state of her legs was terrible. I had often seen your advertisements, and advised her to try Pills and Ointment; and, as a last resource, after every other remedy had proved useless, she consented to do so. She commenced six weeks ago [illegible] to relate, is now in good health, [illegible] are painless, without seam or scar, and are as sound and undisturbed. Could you have witnessed the sufferings of my wife during the last [illegible] years, and contrast them with her present state of health, you would indeed feel delight [illegible] having been the means of so greatly alleviating the sufferings of a fellow creature.

(Signed) WILLIAM G[illegible]

A PERSON 70 YEARS OF AGE CURED OF BAD LEGS OF THIRTY YEARS STANDING.

Copy of a Letter from Mr. Wm. Ash[illegible], Owens, of Rushcliffe, near Huddersfield, [illegible] 1851.

To Professor Holloway,

SIR,—I suffered for a period of thirty years from a bad leg, the result of two or three dangerous accidents at the Works, accompanied by all the symptoms. I had recourse to a variety of medical advice, without deriving any benefit. I was even told that the leg must be amputated, in opposition to that opinion, your Pills and Ointment have effected a complete cure in so short a time, that few who had not witnessed it would credit the fact. (Signed) WILLIAM A[illegible]

The truth of this statement can be verified by Mr W. P. England, Chemist, 13, Market street, Huddersfield.

A DREADFUL BAD BREAST CURED IN A MONTH.

Extract of a letter from Mr. Frederick T[illegible] Pen[illegible]shire, Kent, dated December 13th [illegible]

To Professor Holloway,

DEAR SIR,—My wife had suffered [illegible] bad Breasts for more than six months; and [illegible] the whole period had the best medical attendance, but all to no use. Having before heard [illegible] wonderful cures by your unrivalled [illegible], I determined again to try your Pills and Ointment, and therefore gave them a trial in her [illegible] fortunate it was I did so, for in less than a [illegible] her perfect cure was effected, and the [illegible] various other branches of my family have received from their use is really astonishing. I [illegible] strongly recommend them to all my friends.

(Signed) FREDERICK T[illegible]

The Pills should be used concurrently with the Ointment in most of the following cases:

Bad Legs	Corns (Soft)
Bad Breasts	Contracted and Stiff Joints
Burns	Elephantiasis
Blotches	Fistulas
Bite of Mosquitoes and Sand Flies	Gland Swelling
Coco-Bay	Lumbago
Chigo-foot	Piles
Chilblains	Rheumatism
Chapped hands	Sore Throats

Sold by the Proprietor, 244, Strand (near Temple Bar) London, and by all respectable Venders of Patent Medicines, throughout the United States and by those of the United States, and Boxes, at 37½ cts—87 cts and $1 each.

CHERRY PECTORAL

For the Cure of
COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

Of all the numerous medicines extant, (and some of them valuable) for the cure of pulmonary complaints, nothing has ever been found which could compare in efficacy with this Preparation. Others cure some times, but at all times and in all diseases of the lungs and the throat where medicine can give relief, this will do it. It is pleasant to take, and perfectly safe in the hands of any in the direction. We do not intend to go into the information of those who have tried it but those who have not, Families who have known its value will not be without it, and the thousands we have cured from the dangerous consequences of Coughs and Colds which neglected, ripened into fatal consumption.

The Diploma of the Massachusetts Institute was awarded to this preparation by the Board of Judges in September 1842, also the Medals of the three great Institutes of Art, in this country, also the Diploma of the Institute at Montreal, has been given to the Cherry Pectoral, by their Governors in consideration of its extraordinary excellence and usefulness in curing affections of the Lungs and Throat.

Read the following epistles founded on the long experience of the eminent Physician of the Port and City of

ST. JOHNS, May 8, 1851.

Dr. J. C. Ayer:—

Five years trial of your CHERRY PECTORAL in my practice has proven what I assert from its composition, it must be true, that it eradicates and cures the colds and coughs to which, in this section, are peculiarly liable.

I think the equal has not yet been discovered, nor do I know how a better remedy can be made for the disorders of the Throat and Lungs.

J. W. FURBURTON, M. D. T. R. S.

See what it has done on a wasted constitution, not only in the following cases, but a thousand more:

DONGOLA, Jan. 24th, 1851.

Dr. Ayer—In the month of July last I was attacked by violent Hemorrhages, in the mines of California. I returned to San Francisco in hope of receiving benefit from a change of climate, and diet. My Diaphragm caught fire, and was followed by a severe cough—paid much attention to it, finally stripped for home, but received no benefit from the voyage. My cough continued to grow worse, and when I arrived in New York, I was at once marked by my acquaintances as a victim of consumption. I came home to die, I saw no sufficient reason to believe your medicines all believed. At this time I commenced taking your truly valuable medicine with little expectation of derriving any benefit from its use.—You which I received relieved me. I then did not regard it as truly safe to apply to the affected throat, yet, thinking my health, little space on my side, I finally restored, I attribute it to the use of your Cherry Pectoral.

Yours truly, WILLIAM W. SMITH.

WASHINGTON, PA., April 12, 1848.

DEAR SIR:—Feeling that I have been spared from a premature grave, through your instrumentality by the providence of God, I will take the liberty to express to you my gratitude.

A cough and the alarming symptoms of Consumption had reduced me so low as to leave me anything like hope, when my physician brought me a bottle of your "Pectoral." It seemed to afford immediate relief, and now in a few weeks time has restored me to sound health. I do it willingly for others what it has done for me, you are certainly one of the benefactors of mankind.

Sincerely wishing your blessing, I am

Very respectfully yours,
JOHN J. CLARKE, Rector of St Peter's Church.

With such testimony and from such men, no stronger proof can be adduced that it be from its effects upon trial.

Great American Remedy,
FOR COLDS, COUGHS, ASTHMA, CROUP AND CONSUMPTION.

WHY, Invalids, do you almost invariably overlook the very best remedy for your complaint, in search of something with a foreign or mysterious, or cracksjaw name? Half of these are made by quacks, or persons having not a tithe of the scientific and practical knowledge, either of medicine, or of the human system, of the author of the above medicine. For dry, hard coughs, and for children with severe stuffed colds, or with croup, it is invaluable; and I challenge a trial of effects with any Indian, Egyptian, Arabian, English, French, German or any other foreign or domestic preparation, which is now offered to the public for sale, in all the cases for which it is recommended. It was used by Dr. Manly Hardy, its author, for many years, with great success. More than twenty thousand have tried it, and all commend it. Ask why look further?

Abdominal Supports of five or six different kinds, and such as Hull's, Chapin's Spinal, Cutter's, Fitch's, Inglis's, &c., &c.

☞ Ladies waited upon by Mrs. Caroline D. Foster at the above place.

The following certificate from Dr. John C. Warren of Boston, was given 16 years since, but will last forever:

Boston, January 7, 1835

Having had occasion to observe that some persons afflicted with Hernia, have suffered much from the want of a skillful workman in accommodating Trusses to the peculiarities of their cases, I have taken pains to inform myself of the competency of Mr J. F. Foster, to supply the deficiency occasioned by the death of Mr. Beath. After some months of observation of his work, I am well satisfied that Mr Foster is well acquainted with the manufacture of these instruments, and ingenious in accommodating them to the variety of cases which occur. I feel called upon to recommend him to my professional brethren, and to the public as a person well fitted to supply their wants in regard to those important articles.

JOHN C. WARREN, M. D. Boston.

CERTIFICATE. The following certificate is from Professor Stuart of Andover, Theological Seminary:

The undersigned having occasion to employ Mr. J. Frederick Foster, of Boston, in making and fitting Trusses for the relief of Hernia, takes great pleasure in recommending him to the favorable notice of such persons as may be afflicted with that and similar complaints. Mr. Foster's success in the manufacture and adapting them to the body, giving ease and comfort to the wearer, surpasses (so far as our experience goes,) any other manufacturer of the article.

The numerous testimonials which he has received, together with the recommendations of that eminent surgeon, Dr. J. D. Warren, as a sufficient guaranty for all who may favor Mr. F. that his instruments will give entire satisfaction, and he will satisfy all reasonable demands for an equitable compensation.

Who is SOLE Agent, and always has been, for this market, for the sale of the celebrated Stove above named, of which 25,000 were sold the past year, and of which some 30,000 will not be more than sufficient to supply the demand the present year.

The BAY STATE is sold and warranted as usual. Returned after an unsatisfactory trial of 30 days, the price paid will be refunded, together with interest and cost of returning.

Persons purchasing the BAY STATE, and desiring repairs, are not subjected to the trouble of sending to Rhode Island or New York for castings, nor to wait in Bangor for them, AS I HAVE THEM ON HAND.

A CHALLENGE OF $50

is proposed, that 50 Stoves of six sizes, of any other pattern than the BAY STATE, (for which I am sole Agent,) cannot be produced which will compare with the 50 I now have on hand, in thickness and smoothness of Castings, in facility and capacity of broiling, baking, boiling, or other cooking requisite.

☞ The public are specially requested not to mistake a Stove called the "IMPROVED" BAY STATE, which is a cheaper and inferior article of thinner and less durable castings, and which is sometimes advertised without the word 'Improved' as a prefix, for the original and genuine BAY STATE, which has been so generally and thoroughly tested and admired.

☞ All other kinds of STOVES constantly on hand as above, which will be sold at reduced prices.

PATENTS.
American and Foreign Office

AGENCY FOR BUSINESS
WITH U. S. PATENT OFFICE,
WASHINGTON.
No. 22 State Street, Boston.

IN 1840 the subscriber was appointed by the Commissioner of Patents, Agent of the U. S. Patent Office, in accordance with the 10th Sec. of Act of '37.

Having relinquished the Agency for the transmission of Models and adopted a more expeditious mode of sending them to the Patent Office, *whereby a Patent may be procured about six weeks earlier* than continues to forward them free of expense—to prepare Caveats, Specifications, Assignements, and all the necessary Papers and Drawings for Patents, and to render advice on legal and scientific matters relating thereto. Patents secured in Europe and other countries.

By application at this office, inventors are saved the time and expense of a journey to Washington and delay there, as well as all personal trouble in obtaining their patents. They also have the advantage of *verbally* explaining their inventions, and consulting in respect to them; *matters in general, of paramount importance in order to obtain correct specifications and claims.* The experience of *sixteen* years practice, an extensive collection of rare works, decisions, &c. on mechanical subjects, the Patent Laws, and patents of different countries, collected at much expense during the long time this office has been established, together with accounts here kept of inventions patented at Washington, enable the subscriber to afford inventors sources of procuring Patents, assistance and information which in other respects might be difficult to obtain.

R. H. EDDY, Solicitor of Patents.

WASHINGTON, JULY 21, 1849.—During the time I occupied the Office of Commissioner of Patents, R. H. EDDY, Esq., of Boston, did business at the Patent Office as Solicitor for procuring Patents. There were few, if any persons acting in that capacity, who had so much business before the Patent Office, and there were none who conducted it with more skill, fidelity and success. I regard Mr Eddy as one of the most informed and most skillful Patent Solicitors in the United States, and have no hesitation in assuring Inventors, that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office. EDMUND BURKE,
Late Commissioner of Patents.

Light for the Million!

HOME MANUFACTURE OF BURNING FLUID!!

IN consequence of the repeated complaints of poor Fluid sold in this market, the subscribers have been induced to engage in the manufacture of it, and are prepared to furnish in any quantity at the lowest price, and they feel confident that they can furnish a better article than has been sold in this market for the last two years, not excepting Marsh's Patent Oil, and they will guarantee that it will burn as long, give as much light, and be as safe, and will color it the same color if desired without any extra charge, and will make any experiments with the Fluid that the vendors of that article will make with that. For sale as above at wholesale and retail, at No. 1 Kenduskeag Bridge.

NATIONAL WHIG NOMINATIONS.
ELECTION, TUESDAY, NOV. 2, 1852.

FOR PRESIDENT,
WINFIELD SCOTT,
FOR VICE PRESIDENT,
WILLIAM A. GRAHAM
OF NORTH CAROLINA.

For Presidential Electors.

DANIEL GOODENOW, of Alfred.
THOMAS S. PULLEN, of Dover.
LYSANDER CUTLER, of Dover.
ABNER COBURN, of Wesmfield.
JOHN H. MARROW, of Bluefield.
JOHN B. BROWN, of Portland.
JOHN BALCH, Thomaston.
WILLIAM AYER, ———

☞ A Convention has been held in Boston, at which Daniel Webster has been nominated for the Presidency, and Charles C. Jenkins of Georgia, for the Vice Presidency. This matter has been talked of for some time, and was announced at a mass meeting of the people of the State, but it proved but little else than a meeting of Boston people, and not large at that.—The few men there who have agitated in behalf of Mr. Webster for some time were the principal actors in this convention. The whigs throughout the country are ready to endorse to the full extent of the letter, all that has been said as to the great intellectual capacity of Mr. Webster, and all that is claimed for his [illegible] merit. But they have in their sober judgment [illegible] another man, a man of mind and he[illegible] fitted him for the discharge of the [illegible] the Presidential office, and one [illegible] they thought and believed could be [illegible] the office. In this there was no necessity [illegible] ering it any neglect of Mr. Webster [illegible] mate of his character. The election [illegible] in a man must be considered as [illegible] for the candidacy for public office [illegible] may excel in certain other qualities [illegible] deficiency in this merit may very properly be deemed too unfortunate to admit of their being brought forward as a leader of the political forces. This seems to be the conclusion of the whigs, even of Massachusetts, and this nomination of Mr. Webster should have no other effect than to bring out from him a patriotic letter declining the position, and, at the same time, urging his friends to lay aside all mere personal preferences, and go in unitedly and earnestly for Gen. Winfield Scott, and the success of the whig party and the welfare of the country.

It is possible that an effort will be made to represent this convention as a large gathering expressing the sentiments of the whig party, generally, throughout the Bay State. We only wish to mention the fact, that it was not such, but that only a few hundreds were in attendance, and that it was mainly and almost entirely a Boston affair. It will not alienate the vote of that State from Gen. Scott, for the whigs there are, and mean to be a practical party, and not disposed to waste their strength in voting without the hope of securing a substantial result.

Fruit Gardens in Bangor.

The editor of the Saco Union in his recent visit to this city, visited several of the fruit gardens of which he speaks in his paper in the highest terms. In order to have a fair understanding of the history of fruit raising in this city we venture upon the following statement:

Some forty years since, fruit trees were planted here by several persons, among them Allen Gilman, Jacob McGaw, Judge Dutton, Joseph Carr, Edward Hatch, and Nathaniel Harlow. Some ten years later the farms of Capt. Wyatt and Capt. Holland were stocked with a number of apple and pear trees. In Orrington and Hampden, much more was done in this line than in the city, although Nathaniel Harlow, Esq., of this city, had an extensive nursery of apple trees of the choicest varieties then known in the country. Judge Goodenow of Orrington, and Gen. Herick at Hampden, each had nurseries and supplied many trees.

Since that time through the efforts of these gentlemen, and Mr. Fuller and Mr. Hamilton, the gardens of Hon. Wm. Abbott, Col. W. H. Mills, James Crosby, John Fiske, Amos M. Roberts, P. H. Coombs, and others, were stocked in part. James McLaughlin, Esq., had been laboring in fruit raising, had brought from his old home the famous McLaughlin pear, and planted the seeds from which sprung the best plum now known, the McLaughlin.

During the speculative fever but little attention was paid to the subject of increasing fruit gardens. Men were in too much in a hurry, and too intently engaged in making accumulations in other directions. The troubles which followed left land titles disturbed, and purses too much prostrated to engage generally in gardening, although there was some attention paid to the subject by a few, and in 1835, a very respectable Horticultural Show was got up.

After the recovery from business prostration,—and the effects of the Bankrupt law, a new taste seemed to start simultaneously throughout New England, for rural pleasures, for cottages and ornamental grounds. Bangor people partook of the new taste and a demand was created for trees. Col. Little made extensive collections of trees, in answer to the orders of our citizens to secure himself from loss by their importations. From that period the sale of trees has greatly increased. Numerous gardens have been stocked. The nurseries of the Messrs. Goodale at Orrington, and Nathaniel Harlow of this city, have been revived, and others have been started by James Dunning, Alexander Dunning, there are some old trees. Mr. Thomas Bancroft has an excellent pear tree over thirty years of age, and fine apple trees nearly as old and which bear good crops.

The Horticultural Society whose beautiful exhibition has just closed, is the child rather than the mother of the improvements which have been made with such rapidity within the few years past, and which is now in the course of progress. What has been done is but the beginning of substantial improvement in rural taste, and from which much of warning as well as of suggestion is to be gathered. That beautiful and excellent fruit can be raised here is well known, and has been for many years, but the effort should now be for growing in the best manner all the known varieties, and for raising the largest possible quantities, and every house and market stall should be supplied with them in their season.

☞ The editor of the New Orleans True Delta remarks that he had the pleasure a few days since of conversing with Gen. Persifer F. Smith, the hero of Contreras. The subject of politics being introduced, the General said—and it is just like the brave officer—"*I am a democrat, but can never vote for anything against General Scott.*" The True Delta adds—"The boys who served under Gen. Smith know his firmness.—When he speaks in this way it is worth more to Gen. Scott than all he has lost by the fugitives from the party throughout the whole country."

☞ A student of theology at Bonn, it is said, recently went, in a fit of religious insanity, to a neighboring wood with a hammer and nails, and finding a tree in the form of a cross, actually crucified himself. He was found in a state of insensibility by some peasants, who not having tools for drawing the nails, felled the tree, and carried him with it to the next village. The young man is now in the hospital at Bonn, and out of danger.

☞ The Coudersport, Pa., Journal announces that Ole Bull has purchased one hundred and twenty thousand acres of land in that county, which is to be settled by his countrymen immediately—thirty of them have already taken possession. This section of land, which is described as a wilderness, lies in the [illegible] section of the State.

☞ Mr. Norton Peters, of Missouri, recently made a handsome speculation by driving sheep over land to California. He started with 2500 sheep, and at Salt Lake he shore the sheep and sold the wool for $2500. On reaching California with 2000 of them in good condition, he was offered $18 per head for the lot, which he refused, being sure of higher prices.

Rerom. The Washington Union says Gen. Scott was selected on account of his military successes and *spotless fame*. In reply to the Union, the Albany Journal remarks that Gen. Pierce was selected for exactly the same qualifications—*excepting the military success*.

Musical Association.

"How music charms!
How metre warms,
Parent of actions, good and brave,
How vice it tames!
And worth inflames!
And holds proud empire over the grave."

All this it does and must more. All efforts to encourage the cultivation of the art should be sustained.

All our singers will avail themselves of the advantages presented by the session of the Penobscot Musical Association, which commences the ensuing week, at the First Parish Church. It promises to be a large and pleasant time.

There are others who have it in their power to aid the Association essentially in the expenses they yearly incur. They can further tickets to those who devote much time to the subject, and generally, without any pecuniary, from churches, or the public, and Gentlemen by paying $2 and Ladies $1, to E. F. Duren the Secretary, can have the privilege of attending all the Lectures and Rehearsals of the Society.

Will they not do it? NOTA.

☞ Godey's Lady's Book—October 1852. We have received the October number of this elegant monthly, another double number, showing the munificence of the enterprising publisher. It contains also embellishments that are quite attractive. The opening article is another chapter of "Everyday Actualities" unfolding the mysteries and actualities of the noble art of Printing, stereotyping &c. The idea of bringing so beautifully the mechanic arts into association and companionship with the fine arts is beautiful and worthy of the highest commendation. The typographical art is performing a happy mission in thus effecting a union between the useful and beautiful.

This work may be obtained at the bookstores in this city.

New York Sept. 16.

Dates of the 11th from Havana state all papers of the United States with the exception of La Cronica, El Palacio, The New York Express, The Washington Intelligencer and The Delta of New Orleans are prohibited to be sold here, and are stopped in the Post Office.

The French Consul is allowed a single copy of the Des Etats Unis. Also the Capt. General has notified the agent of the American steamers that should Mr. Thrasher on his way to New Orleans come a passenger on any of the steamers which touch at Havana, that steamer will not be allowed to anchor, and further, should Mr. Smith, pursuer of the Crescent City return, that steamer will be treated in the same manner.

Annual Meeting of the American Board for Foreign Missions.

The annual meeting of the American Board of Commissioners for Foreign Missions commences at Troy, N.Y. to-morrow afternoon, and continues till Friday. The attendance, in 30 years past, will doubtless be very larger and the proceedings will be looked for with much interest by those who feel an interest in the spread of the Gospel throughout the earth. The Board meets this year under peculiarly gratifying circumstances

George Hummell's PREMIUM ESSENCE OF COFFEE.

ONE package at 12½ cents will save five pounds of Coffee. Thousands of families not only of the poorer but also of the most genteel and rich, eat and many of the first physicians of Boston and of other places will testify that Coffee made with this Essence is much wholesome and more delicate, finer flavored, perfectly clear, and in every instance better than the best Java Coffee.

This Essence was awarded a silver medal by the American Institute of New-York, also a premium by the Franklin Institute of Philadelphia 1851, in both Institutes the highest premium for such articles.

Lesage's Specific.

NEVER failing remedy for thoroughly eradicating disease of the Urinary Organs, such as Gonorrhea, Gleet, Whites, Strictures, Stone in the Bladder, &c., and needs but to be once used to be universally esteemed. The proprietor would respectfully caution those troubled with the above annoying complaints, to beware of those shameless pilots, who, unprincipled individuals, without the slightest knowledge of the structure of the human system, recommend for every disease. Lesage's Specific is only intended for the cure of Private Diseases, and the thousands that have sent their unsolicited certificates vouch for its efficacy while the better it is known the greater is the demand for it. How different from the various quack medicines which, when the unhappy patient has once used, no inducement can ever make try again.—Lesage's Specific has been the remedy depended on by every class, the senator, the lawyer, the mechanic, the seaman, and the dashing gay man have all tried it and found it truly the good Samaritan the hour of trouble.

Dr. Darby annexes extracts from some of his certificates:

U. S. Frigate Cumberland, 1851. I contracted a disease at Naples, and tried all the remedies suggested by the most experienced Surgeons, without success; Lesage's Specific has restored to me the health I long despaired of.—J. W. W.

Hillsville, Ny.—I have much pleasure in stating that Lesage's Specific has cured me of a gleet of 22 months duration.—H. C. D.

Hanger, Me.—After having used two bottles I found myself cured of an old standing complaint in six days, and shall not fail to recommend it, should I know of any troubled as I was.—John Brown.

Sold by RALPH H. DARBY, Apothecary, No 51 Broad street, Boston. Price $1.00 per bottle; two bottles $1.75.

Orders from the country, enclosing a remittance promptly attended to. A liberal discount made to Physicians, Apothecaries, Masters of Vessels and Expressmen.

Bigelow's Alterative.

A CERTAIN cure for DYSENTERY, DIARRHŒA, CHOLERA MORBUS, and all Summer Complaints. GEORGE W. BEECHER, Proprietor, 98 Broadway, New York.

For children who are Teething, and Cholera Infantum, this medicine stands unrivalled. It may be used with perfect safety both by old and young, and, when faithfully administered, it has never been known in any case to fail of a speedy cure. Unlike other medicines, it corrects the bowels, and retains a sew in the patient is restored to its unsoured vigor and health.

We append the following testimonials:

I have used "Bigelow's Alterative" in my family, and have never found it to fail, when all other remedies administered by and under direction of Physicians have proved ineffectual. I think it a perfect corrective for Dysentery and all Bowel complaints.

Geo W. Beeche, 47 Wall st.

New York, March 22d, 1852.

We can add our testimony to that of others of the great efficacy in our own case, when prostrated to a alarming degree by Bowel disease. It was the only medicine that gave relief, and can now always be kept in the family.

Editor of the N. Y. Baptist Register.

Utica, April 16 6, 1852.

"Bigelow's Alterative," advertised in another column of our paper, is, probably, the best cure for Dysentery, Diarrhœa, &c., &c., that has ever yet appeared. We seldom make a point of extolling patent medicines, and for the very good reason that most of them are entirely undeserving of praise; but, we have it on such indubitable and respectable authority, that the above "Alterative" is all, and more than all, it professes to be, that we cannot do less than make mention of it in this way to our readers. All that we know of the most marvellous in such matters is, to read the *Certificates* embodied in the advertisement, and then, judging from the high standing of the parties who are thus ready, promptly and *publicly* to certify, candidly to say whether a remedy, so endorsed, is worthy of attention or otherwise. We have more to say of this remarkable preparation

Greenleaf's Primary Arithmetic.

MENTAL ARITHMETIC upon the inductive Plan; designed for Primary and Intermediate Schools. By BENJAMIN GREENLEAF, A. M., author of the National Arithmetic, etc.—Revised and enlarged edition, 144 pp.

To render this work more complete for the class of pupils for whom it is intended, the author has, at the urgent solicitation of Teachers, considerably enlarged and improved it, and has appended a concise and easy system of *Written Arithmetic* (or exercises for the Slate) which the publishers trust will make it still more useful and acceptable to the public. In its present form, it is a suitable introduction not only to the next book of the series, the *Common School Arithmetic*, but to many of the various treatises on written Arithmetic. The Work is handsomely and thoroughly executed, and is sold at the cheap rate of 25 cents.

☞ The popular Work, intended to supersede the edition for schools, is now used in the Public Schools in Boston, Cambridge, Salem, Lynn, Newburyport, New Bedford, Providence, and in many other cities in various parts of the United States.

Specimen copies furnished gratis to Teachers and School Directors, who are invited to examine the work.

For sale at the lowest rates, wholesale and retail by DAVID HIGGINS, who will supply Teachers, Committees, &c.
